VOLUME XLIII.

William Wallace Twombly.

William Wallace Twombly died at his home in Norway, Friday morning, Sept. 20th, of a complication of diseases.

He was born in Bolster Mills 73 years ago the 14th of last July. He was the son of William and Alice Twombly. He was educated in the public schools at Bolster's Mills and had lived in Bolster's Mills and Norway the greater part of his life.

Mr. Twombly had worked as a currier in the tanneries in Norway and in Massachusetts. He was a constable in Norway for many years and had charge of the jail. He did a big business at cleaning and laying carpets for several years.

He was the very popular janitor at the Norway Opera House till his failing health obliged him to resign.

He was a member of Norway Lodge, No. 10, I. O. O. F., Wilsey Encampment, No. 21, I. O. O. F. and Mount Hope Rebekah Lodge, No. 55, I. O. O. F.; also Harry Rust Post, No. 54, G. A. R. His religious associations were with the Methodist Episcopal church. Politically he was a republican.

Mr. Twombly married Harriet Hicks, Aug. 7th, 1889, at South Paris. Mrs. Twombly has conducted a large dress-making business till she won the distinction of being one of the longest to be engaged in the business of any in the country. They have two children, John C. Twombly, who with his wife came from his home in Portland a few months ago to care for his parents, and he now lives at the home place, 6 Deering street.

William L. Twombly, the other son, lives at Roxbury, Mass., and is a collector. He is survived by his wife, his two sons and two grand-children.

The funeral was Sunday, Sept. 22d. There was a private service at the house, and services at the Methodist church conducted by members of the Old Fellows and Grand Army. The attending clergymen were Rev. B. C. Wentworth and Rev. M. C. Ward. "No burdens yonder" and "God will take care of you" were sung by Mr. Wentworth. The bearers were Wright Bisbee, Charles S. Akers, Davis Pike and W. C. Leavitt. Interment in Pine Grove cemetery.

Burned with Gasoline.

Thursday afternoon about 4:30 Joseph Antolini met with a serious accident at his fruit store on Main street in the East Block. Mr. Antolini had been filling his peanut roaster with gasoline and returned into the back room of the store with his gallon can, and it is understood placed it on the stove where there had been a fire, though it was thought it had all gone out.

The can of gasoline exploded, setting his clothes on fire. He rushed into the street all in flames, and F. H. Noyes, seeing the situation, snatched several coats and threw around him, smothering the flames. Mr. Noyes and Simon Hagerman carried him to Dr. B. F. Bradbury's, where his burns were dressed. He was completely wrapped in cotton, and was carried to the C. M. G. hospital at Lewiston. He is reported as comfortable as could be expected.

The skin was nearly all burned off the upper part of Antolini's body, and he suffered intensely, but stood the trip to the hospital well.

Antolini has a wife in Massachusetts, and a son five years old, who is now in the hospital with a broken leg.

Mr. Antolini had been here in town about three weeks, having recently returned from Italy, and had purchased the fruit business of Charles Bonard.

Knights of Pythias Hall.

Pennesseewassee Lodge, No. 18, K. of P., will hold their first meeting in their new hall next week Thursday evening.

For a number of years this lodge has been looking around and planning for a hall. They finally decided on buying the G. A. R. block, enlarging and repairing it. They have a hall 26x26, with a steel ceiling decorated in gold and white, a kitchen and paraphernalia rooms, toilet and wash rooms. The hall is lighted by electricity from chandeliers, and it surely lights up well.

An addition on the back of 14 feet made the building larger and the ceiling has been raised fifteen inches, making the hall high posted and in good proportion. The entire cost is less than \$3,000.

O. M. Cummings was appointed all alone as a building committee, and he has looked after the work and attended to the financial and business parts. He has given his services for two months. The result is a credit to Mr. Cummings, to the lodge and to the village.

Frank Herick is working for Chester French.

Mrs. Elma Ham is at her home on Pleasant street, suffering with nervous prostration.

Hattie Rowe of Portland, who has been spending some time at C. L. Hathaway's, intends to return home the first of the week.

Cora Longley of Ipswich, Mass., who has been visiting relatives in Harrison, is now visiting her brother, L. M. Longley and family.

Bert Hutchins, who clerks at V. W. Hill's jewelry store, has been sick at his home on Pleasant street with a severe cold and neuralgia.

Mrs. Freeland Howe, Jr., will entertain the Barton Reading club at her home on Pleasant street, Thursday afternoon, Oct. 3. This will be the first meeting of the season.

Mr. and Mrs. Harry Packard, who have been spending the summer at Mountain View, Rangeley, returned home the last of the week.

Mr. and Mrs. John Wilson, who have been rooming with Mrs. Wilson's parents on Fore street, have taken rooms at George Anstine's for the winter.

The pupils of the Norway High School will hold a fair at the Grange hall, Saturday, Oct. 19th, for the benefit of the High School Athletic Association.

Fred Hosmer, who works at L. I. Gilbert's, finishes work this week for a two weeks' vacation, and during his absence Harry Packard will work at the store.

Mrs. Lizzie Crocker is spending the week at Isaac Pitgrees' at Oxford and is incidentally being showered by a quantity of postcards in honor of her birthday.

Capt. J. W. Nash, taxidermist, has two bears which were sent him by Prof. A. A. Towne of Ashland, formerly of Norway. The larger bear was shot by Prof. Towne.

Sunday School Convention.

The Oxford County Sunday School Convention was held Monday, Sept. 23 at the Universalist church at Norway.

The morning session opened at 10:15 with devotional services conducted by Rev. M. O. Ward of Norway. The subject for discussion at this session was, "How to Get Adults, by D. A. Ball of West Paris, and How to Hold the Adults was discussed by George Crockett of South Paris, and was followed by remarks by Wesley J. Weil.

During the noon hour dinner was served in Concert hall by the ladies of the three churches of the village.

The afternoon session was opened by a song session conducted by Rev. B. C. Wentworth of Norway.

C. F. Hosmer of Kennebunk gave a very interesting address on boys and the means of interesting them in Sunday School work. In the course of his address he spoke of the force of music in the work and the great opportunities of the modern choir. He also spoke of the heart to heart talks of the pastors and teachers which which appeal to boys and girls. The teacher is another essential and he should be trained in the work and stated that after the boys get to be four and five years old they should be taught by men teachers as they can come in closer contact with them.

Wesley J. Weil spoke at some length on teacher training classes and took up a lesson of the quarter. The object of these classes is to train prospective teachers for the work. A class should also be maintained in each Sunday school for the benefit of the ones who are already teachers to make them more efficient in the work.

Several selections were rendered by Mrs. Clarence DeCosta and Mrs. Frank Kimball with Mrs. Charles S. Akers at the piano.

P. F. Stone, superintendent of the Junior department of the Congregational Sunday school, gave an interesting outline of the work in the graded lessons, taking up the work from the beginners' class to the intermediate and advanced classes, the lesson in such a way as to keep them interested, is proving very satisfactory over the old way of teaching.

The nominating committee consisting of Rev. M. O. Ward, Rev. B. C. Wentworth, and Stephen B. Cummings, reported and the officers chosen for the coming year were:

Pres.—Dr. C. L. Buck, South Paris.
1st V. Pres.—Dr. L. H. Trufant, Norway.
2nd V. Pres.—Dr. E. C. Park, South Paris.
3d V. Pres.—W. W. Dennison, South Paris.
Sec.—Teas.—P. F. Stone, Norway.
Supt. Teacher Training Class—Mrs. W. H. Billingswood, Rumford.

Supt. Primary work—Mrs. L. H. Hanson, Rumford.
Supt. Adult Dept.—D. A. Ball, West Paris.
Supt. Home Dept.—Mrs. B. B. Brown, Rumford.
Supt. Temperance Dept.—Rev. R. J. Bruce, Norway.

Auditor—Carl Stone, Norway.

The committee on resolutions consisting of D. A. Ball, Mrs. Lucetta Merriam and Mrs. Flora Buswell, reported and the resolution accepted.

The evening session was opened with prayer, service conducted by Rev. B. C. Wentworth. C. F. Hosmer of Kennebunk gave an interesting talk on the relations of the boy to the home, the school and the business. Mr. Hosmer is a very interesting speaker and his talk was in such a plain and interesting manner that he held the closest attention of the audience.

The speaker of the evening was Rev. Wm. B. Tutill of Woodford. He opened his address by asking the question, "How can we improve our Sunday schools?" and answered it, "By prayerful and studious cooperation of the pastor, officers and teachers for carrying out a definite aim and by pulling together along these lines success will come."

He said in part, "The Sunday School is the biggest proposition the church has. It is helping to shape the lives of so many and its purpose is to build character. In our public schools we need men of old woman. Character is the fulfillment of the relationship of life. Every time a man cheats another he cheats himself like the man in the story who was told to build a house and used poor stock, etc., and finally the owner presented it to the builder. We must be true to all people, to the community, to the nation, and the whole world, which is the fulfilling of the service of character."

"Character should be developed to help one another. The Sunday School is dealing with children when they are forming character and we should so live that they may feel an impelling force to build character and to this end it must be lived in the lives of those who teach."

We ate the Choice Celery.

M. K. Abbott, superintendent of the Maine Tel. & Tel. Co., who has headquarters at Rumford, was in town recently to go over some matters of the local exchange here and was presented with some select heads of celery raised in the garden of Frank M. Buswell, the Norway local manager of this exchange.

It was choice stuff, perfect heads and much to be prized. Mr. Abbott handed it to Mr. Conrad at the hotel to be put on the ice preparatory to his return home.

The next noon every table in the hotel dining-room was decorated with perfectly bleached, crisp celery, nothing better of the kind was ever seen in the house, boarders and transient remarked about it.

Mr. Abbott paid his hotel bill and asked for the bundle of celery, and imagine the surprise and disgust of Lord Conrad when he found the choice celery, through mistake, had been served on the table that noon.

Words fail to express it.

A. J. Nevers is improving from his recent illness.

Leo Libby and Harry Hartmeyer of East Boston, Mass., are spending two weeks at Mrs. Geo. D. Swift's on Paris street.

Charles F. Boober of Norway has been re-nominated by Governor Elia as an agent for the prevention of cruelty to animals.

The winter schedule of the Grand Trunk will go into effect Sunday, Sept. 29. The milk train will be taken off at that date.

Mr. and Mrs. James Danforth, who have been spending the week at the Weirs, N. H., returned home the last of the week.

Cox-Hobbs.

Clipped from a Vermont paper: The evening of August 27th at "Stony Meadow" farm, the home of Mr. and Mrs. W. Herbert Hobbs, in East Brighton, Vt., occurred the marriage of their oldest daughter, Ada Evangeline, to Carlton Edwin Cox of Norway, the officiating clergyman being the Rev. E. B. Harris of Bloomfield, Vt.

At 8 o'clock the bridal party descended the stairs, covered with white crepe paper and banked in golden red, and took their places beneath an arch of fir and golden red in the parlor.

The bride wore a dress of white satin messaline trimmed with silk overlace. She was accompanied by her sister, Marjorie Yvonne, who wore a dress of pink silk messaline trimmed with pink satin.

The groom and best man, Clayton Gerald, the brother of the bride, wore suits of brown. The wedding took place in the presence of the immediate relatives and classmates of the bride. After the ceremony a wedding lunch was served in the parlor.

The Schoolchild's Sleep.

The mother who has a child at school may not be able to help him with his lessons, for the modern system of teaching rather depreciates home assistance. I believe, but there is one thing she can do for him which will benefit him, even more and that is to see that he gets enough sleep.

It is only lately that physicians have been emphasizing the need of sleep for children. Insufficient sleep affects the nerves, the temper, the digestion, the mental quickness, and even the morals of children. The child who gets enough sleep is the one who is bright and quick mentally, who grows normally well, who eats properly and who is not peevish and irritable.

An early supper and an early bedtime are the things for the schoolchild. Then put him in a well-ventilated bedroom and let him have ten or eleven hours of slumber and he'll wake up bright and healthy and good.

Many of our little whining, nervous children we see are simply suffering from lack of sleep. Many small naughtynesses simply come from tired nerves and weariness of mind and body. So many mothers notice such a difference in the behavior of children once they have started to school, and are at a loss to understand the reason. It is because the daily nap which the child took before he went to school has been given up, but the bedtime hour has not been changed, consequently the nerves of the child suffer.

Try giving the schoolchild supper at 5:30, a nourishing and easily digested supper too. Then at 8 promptly pack him off to bed. If he doesn't sleep let him sip a cup of hot milk and sit beside him until he drifts off. Sleep is largely a habit and will be easily acquired in a few evenings. And oh the difference it will make in the child in every way.

BETHEL
Irving Harriman entered Bates College this fall.

Edmond Jordan is taking a special course at Keene College.

A. J. Haskell is coming from California to run the Bethel older mill.

Mr. and Mrs. Guy Morgan occupy the rent formerly occupied by Harry Jordan and family.

Mrs. Mark Newton and wife of Sabattus have been recent guests of their aunt, Mrs. H. H. Bean.

Albert Tidwell has returned to Bethel from Rebrun, where he has been employed during the summer.

Mary Burnham has returned to her home in Bethel after spending several weeks at Mrs. L. T. Barker's.

Stillman Littlehale of Ketchum is building a fine house on Burnham street. Abbie Tuell of Fall River, Mass., has been the guest of F. B. Tuell and family.

Mrs. A. T. Rowe is having her residence on Broad street wired for electricity.

Mrs. Arthur Wing of Roxbury, Mass., has been visiting her aunt, Elvira A. Holt.

The Masons will make their annual pilgrimage to Magalloway, Sept. 30th and Oct. 1st.

Mrs. D. S. Hastings and daughter Edith and granddaughter have gone to Massachusetts.

Mrs. W. O. Shaw has returned to Bethel after spending the summer at North Islesboro.

Moses Hastings and family, who have been spending the summer at North Islesboro, have returned home.

Mr. and Mrs. C. W. Hall have been taking a vacation. Mr. Hall's barber shop was in charge of A. L. Hall during his absence.

Edward King leaves Bethel, Sept. 30th, with a small party for a short trip to Florida. Stops will be made at Washington and other interesting places on the way. About two weeks will be taken by the trip.

Mr. and Mrs. Edward Chesley of Milan, N. H., Mrs. L. M. Spearin of Oakland, R. I., R. F. Spearin of Portland, W. S. Spearin and son William of Beachmont, Mass. have recently visited Mr. and Mrs. D. H. Spearin.

Mrs. Henry Briggs of New Gloucester, formerly of Bethel, has recently died. For many years she has been entirely helpless and has been cared for by her only daughter, Elsie. Her husband, whose devotion has been a trial.

Mrs. F. C. Spencer of Waterville, formerly Bethel, was run into by a horse that had become frightened by an automobile and ran on the sidewalk. She sustained a compound fracture of the skull and other broken bones, besides being injured internally. She never regained consciousness.

How's This?
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.
F. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.
WALDING, KINMAN & MARVIN,
Wholesale Druggists, Toledo, O.
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces in so rapid and full of holes that it is positively dangerous in many places. While the road is so narrow and rough that motorists avoid it as much as possible, still nearly 200 have passed over the road since June 1, which only shows that this highway was put in decent repair, the present automobile travel would nearly double. It is no uncommon thing for from twenty to forty teams to pass over the highway daily, and yet many of our "cross roads," on which there is not more than two or three teams daily, are in far better condition.

This year has seen nearly \$1000 expended on the highway from this village to Paris line, while the road to Greenwood line has had the most of the work of from \$50 to \$75. Is there thirty-eight times the travel to warrant such a difference in expenditure? Is it any wonder that the citizens who live on this highway and those who travel over it feel that they are not receiving justice?

We feel very sure that the citizens of this town do not wish to be unfair and that in the future the road will gradually be put into good condition as it should have been long before this.

RELIEVES
CATARRH
IN ONE
HOUR

The quickest and easiest way to open up your mucous clogged head and free the throat from Catarrhal secretions is to breathe the BOUTH'S HYOMEI.

Do not waste time with impossible methods; HYOMEI has ended the misery of Catarrh for thousands of despairing sufferers; it will do the same for you if you will try it.

Just breathe it; it kills Catarrh germs and breaks down the mucus. HYOMEI outfit, which includes inhaler, costs \$1.00. Separate bottles, if afterwards needed, 50c, at pharmacists everywhere. Money back from Noyes Drug Store if dissatisfied.

A Check Book Makes all Your Money Available at any Moment and You Can Always make the Exact Change When Paying a Bill By Check

When you carry around the currency in your pocket and laboriously count out the money every time you wish to pay a bill, there is the danger that two bills may stick together or perhaps the party you pay may lose a bill and so think you did not pay him enough. Then, too, unless you ask for a receipt each time there is always the likelihood of having to pay the same bill twice. Another inconvenience when paying money is the difficulty of making the exact change, or if you wish to send money away there is the expense of purchasing a Draft or Money Order.

By depositing your money in this **Strong National Bank** you make it absolutely safe from loss by robbers, fire or accident and yet it is available at any moment. Whenever you desire to use all or any part of it draw a check for the exact amount wanted and either give it or mail it to the party owed. The Bank at the end of the month returns these cancelled checks to you and each check bears the endorsement of the party you paid. By looking over your cancelled checks you can find out instantly when, what for and to whom you paid your money and each check is a receipt in itself for the bill paid.

We invite you to test the truth of these statements by opening an account at this Bank.

SOUTH WOODSTOCK.

Grange Meeting.

At the last meeting of Franklin grange in August it was proposed by the worthy master, W. S. Davis, that the next two meetings be observed as brothers' and sisters' day, the brothers to hold all of the offices on the first meeting and the sisters on the last meeting in September, and the ones getting out the most members were to be given a dinner by the losing side.

The brothers hustled round and got Al Morse from South Paris, knowing if they got word round they would get out a good crowd and of course they did. About 70 were present and enjoyed a nice entertainment.

But last Saturday as the members began to come in we noticed a number of the brothers talking together and shaking their heads. The sisters knew when they got Mrs. John Wood of Snow's Falls to help their entertainment and served cake and punch, that the brothers might as well begin to plan their dinner. The hall was prettily decorated with flowers.

There was quite an anxious time for the brothers when Sister Mary Bartlett, acting as worthy master, called to order and a count made by the secretary when it was announced that there were more 10 or more members than there were at the last meeting. One brother was afraid there might be quite a number of visiting members and called on them to rise when they found there were only four.

So the next meeting the sisters will all be there to do justice to the oyster and pastry dinner where the brothers are supposed to cook the pastry.

How to Renovate Net.
Black net requires good brushing before washing, and the color may be restored with a very strong tea in which a little gum arabic has been dissolved to give it a little stiffness. Iron it on the wrong side with strips of paper between it and the flatiron.

If a pearly gray tone is desired it may be placed in warm milk an hour and then squeezed as dry as possible. To get a good yellow add to one pint of cold water one teaspoonful dissolved permanganate of potassium and two teaspoonfuls of the best black ink. Iron it at once on a board covered over with a thickness of flannel and finish off with only muslin between the net and flatiron.

How to Repair Rubbers.
When a rubber becomes torn do not throw it away, for it can be mended and kept in use. Take a piece of black dress braid, with the ends doubled under, fasten at the upper part of the slit, bring the edges of the slit close together and fasten to the braid. Then, commencing at the bottom, the edges are sewed across with a flat overhand stitch and the upper edge finished with a buttonhole stitch, which takes in the end of the braid.

Dust in the Tip.
If your gas burns unevenly, low at one side with a long flame at the other, you may be sure there is dust in the tip. Run a piece of thin cardboard through it and you will be repaid.

Price of Ball Players Goes Up.
Because of the bad weather and dwindling gate receipts in many minor leagues, the price of ball players has gone up. Many moguls, who see the receipts dwindling, hope to make it all back by selling some star athletes.

IN THE WORLD OF SPORT

Sprinter Ralph Craig May Quit Athletics.

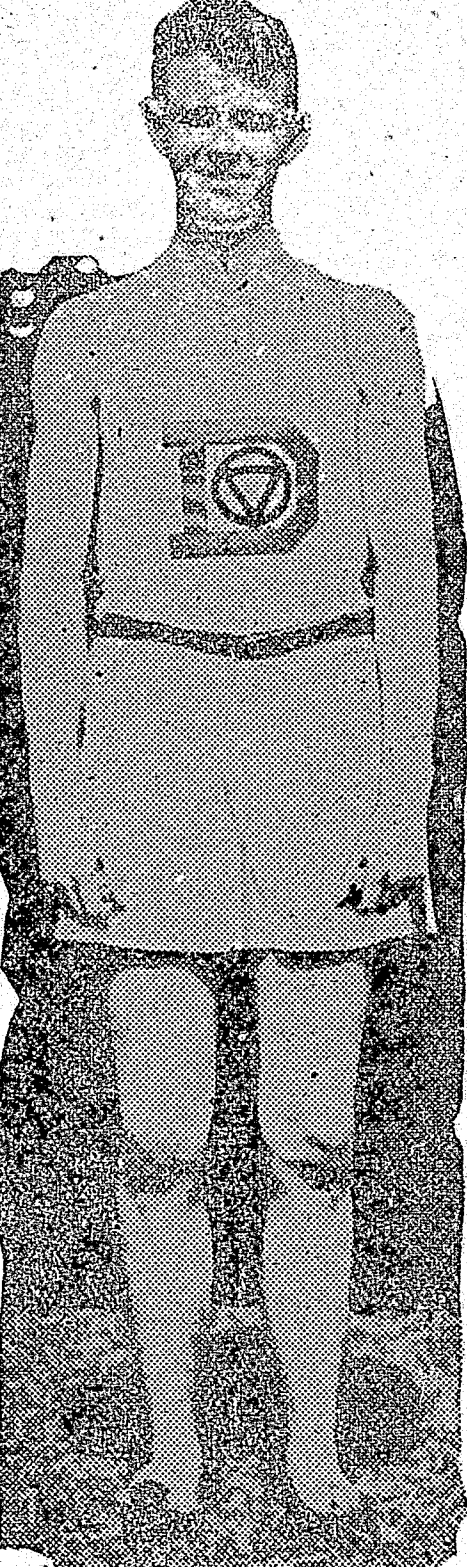

Photo by American Press Association.

It is said on good authority that Ralph Craig, winner of the 100 and 200 meter events at the Olympic games in Sweden, will quit athletics this fall. He is employed by a Detroit firm and wishes to devote all his time to business. Craig is one of the greatest sprinters ever developed. While a student at Michigan university he captured the intercollegiate 100 and 200 yard titles.

Kramer After World's Championship.
Frank Kramer, for eleven years the champion bicycle rider of America, will this season attempt to win the world's championship. The world's championship races will be held at Vailsburg track, Newark, N. J., on Aug. 24, 27 and 30. Kramer hopes to win the national title for the twelfth time this year. It will be decided in a manner entirely different from that of the past. When the championship races are run there can be but two contenders. This is due to the fact that the National Cycling association is running both the eastern and western races this year.

Bedient of the Red Sox.
Hugh Bedient of the Boston Americans is "some" pitcher. A couple of years ago at Corey, Pa. he hung up a record of forty-two strikeouts in twenty-four innings. That feat attracted worldwide attention, and a Boston scout grabbed him. He was "farmed" with the Providence team. He won eight and lost eleven games while with them. The Red Sox then gave the Providence club five players in exchange for Bedient—Purtell, McHale, Killaly, Longan and Janvin. Boston thinks Bedient worth more than the five men traded. He has defeated the Athletics five times.

Offers \$6,000 For Player.
George Van Halteren, who, besides being an umpire in the Northwestern league, is a scout for the Pittsburgh National club, has, it is said, offered Judge W. M. McCredie \$6,000 for Eddie Mensor, the great little outfielder of the Portland Colts. Judge McCredie has taken the case under advisement.

However, it is hardly likely that Mensor will go to the Pirates until the Cleveland club, with which McCredie is doing business, has passed on him.

Patterson Wins Geelong Cup.
A Melbourne (Victoria) boy, Gerald Patterson, has won the Geelong cup, which has been in competition for thirteen years. The conditions are that as a handicap prize it must be won for three years, and the winner each year must concede fifteen handicap more each year. It so becomes a test of improvement and has been the coveted trophy for many years, having been won by many famous champions for a year or two, but never three times until Patterson's triumph.

How to Soften Starched Buttonholes.
Always moisten with the tongue on the wrong side the buttonholes of starched collars, cuffs and shirts just before attempting to button them or put in cuff buttons. That will soften the starch slightly so that they will button easily, and the buttonholes will never tear out.

Try it once and you will always do it afterward.

SOUTH WATERFORD.
Frank Augustine Noble.
On Friday, Sept. 20, Frank A. Noble, a life long resident of this village, died at St. Barnabas Hospital, Portland.
Mr. Noble had a good native constitution and was always, until the past year, in possession of excellent health and able to engage vigorously in farming and in the prosecution of his chosen pursuit, which for many years past has been that of breeding choice poultry for the production of eggs, and was an extensive purchaser of eggs, doing a lively shipping business to Boston consignees.
During the past year Mr. Noble has been feeling symptoms of a diseased condition of the system, but was able to attend to all his business affairs, and with the aid of his son, Harold, carried on his farm and poultry trade, and attended to the demands of his summer boarding affairs with the same interest as in past years.
About three weeks ago he began to feel an attack of kidney disease accompanied by severe pain, and by advice of his physician he was conveyed to St. Barnabas Hospital, where after a surgical operation it was ascertained that he had a very advanced case of kidney disease and that all hopes for his recovery must be abandoned.
Thus he lingered throughout the remaining days until the end came. He was his consciousness and manifested a lively interest in passing, making frequent inquiries concerning the outcome of the political agitation of the day, and about the progress of the new corn factory enterprise and other affairs about his home.
Mr. Noble was the son of Daniel W. and Emily Hicks Noble and was born April 18, 1855. He was educated in the common school and high school of his native village and, though compelled to leave school at the age of 17, he was well fitted to cope with the responsibilities of his position in life, which he fulfilled with thorough fidelity. In religious faith he was affiliated with the Universalists, and always acted politically with the Democratic party.
Mr. Noble was born into a family of step-brothers, his mother having by her previous marriage with Chapin Nelson three sons, Lievellyn, Eugene and Charles Nelson, and one daughter, Georgia, who became the wife of Cyrus Tucker of Norway.
Three of these brothers have passed away within the last three years, Lievellyn in Leadville, Colo., Charles in Chicago and Frank just now deceased.
Mr. Noble is survived by his widow, Mrs. Florence (Staswood) Noble, two sons, Walter F. of Green Bay, Wis., Harold S. and one daughter, Marion E., of Waterford; also by Eugene Nelson, a half-brother, and Mrs. Georgia Tucker of Norway, a half-sister.
Many set pieces and other beautiful gifts of flowers from friends in Green Bay, Wis., Boston, Portland, Norway and elsewhere attested the sincere respect and affectionate regard entertained for their deceased friend. The funeral services were under the direction of Charles Morse and the officiating clergyman was Rev. G. W. Sias. The interment was in Elmwood cemetery.

Mr. Skillings was sitting on the piazza having just completed writing a letter. Some passes by noticed his strange posture and upon investigation he was found to be dead.
Mr. Skillings has been in poor health for several years and for some time has made his home with his father, being unable to do any work. He was 42 years of age and had always lived in Bolster's Mills. For some time he has been engaged in the fish business driving round the country on a cart.
Mr. Skillings was the son of Isaac Skillings, the village postmaster, and had three children, a son, Mr. George Skillings, his father leaves a sister, Mrs. Grace Walker of Harrison and one brother, Geo. Skillings of this place. He was a member of Crooked River lodge F. & A. M.
The funeral was held at the home of his father, Isaac Skillings on Saturday afternoon, Rev. W. S. Carne, officiating. The Masonic order of which he was a member attended.

Joseph Andrews' Letters.

No. XX.

Isaac Eastman, father of George, Walter and Mellen was one of the solid men of Lovell. He was a Democrat and as such represented Lovell in the Maine Legislature at a time when Democrats were not as plenty in that body as they are today. His three stalwart sons may well feel proud of the good name and heritage left them by their father.

Continuing my journey from the schoolhouse I passed the old David and Horatio Stearns home owned since about 1865 by the late James Evans and now by his son George. The fields and buildings have changed but little since first I knew them more than sixty years ago. Here stands the old schoolhouse a relic of bygone days. George never married and seems to be very much alone. His father, mother, sister and brother have all passed away and he boards with nearby friends and looks after the farm, he is well to do and prosperous.

Just across the road stands the old James Russell homestead, now in the hands of a stranger. Mr. and Mrs. Russell and their son John, one of my schoolmates passed away long years ago. Charles is living in Massachusetts, Ellen married Joseph Stearns and until his sad death some years ago both lived contented and happy lives in their fine old cottage home, where four bright and comely children were born and grew to man and womanhood. Mr. and Mrs. Stearns were both fine singers and were leaders in the religious and social circles of the town. After the death of her husband, she sold the farm and since has lived with some of her children I believe. Albert the son, is a lawyer at distinction living at Norway. He has been highly honored by his fellow citizens and the people of Lovell have good reason to be proud of the fact that he was born upon her soil and grew to manhood amongst the Lovell bills.

We next pass what used to be the home of Mr. and Mrs. Osgood. Mr. Osgood was the village blacksmith and for many years was one of the fixtures of the place. He earned his own character and each winter he contracted with some of his patrons for the amount of cord wood required I should judge anywhere from ten to twenty cords, this he carefully piled in the form of a large oval kiln, which he covered all over with dirt so that it resembled in all but color an Esquimaux's ice house or hut. At the proper time he started his fire and kept it going day and night until finished when he had a high grade of home made charcoal.

This good old couple went to their rest long, long years ago, and the old home remodelled and improved is at present the paragon for the true pastor of the Christian church. The blacksmith shop just across the road was removed a good many years ago.

We now come to the fine old mansion long owned by Deacon Abel Heald. He was my guardian and until about 1857 occupied the old red house, now much enlarged and improved and known as the Farrington house. His first wife (nee Mary Stearns) was a most excellent, christian woman and was the mother of at least 13 children, twelve of which lived to be men and women.

Mr. Heald was one of the leading business men of Lovell and served as one of his selectmen several terms. For many years he kept the store at the Center and all the year around he or one of his boys teamed to Portland or Bridgton hauling shooks and hoop poles to market and drawing back goods to replenish his stock of goods in the store. For several years he and J. G. Hamblin were in partnership in the store. About 1857 he bought of his brother, Josiah, what I understand was the old homestead of the Healds. A few years later he spent a small fortune in building the big barn, long connecting annex and in adding the third story to the house; thus making I think the finest stand of farm buildings in Lovell. Later on this fine farm home was sold to the Stearns and I think that Eckly has owned it ever since.

When I visited Lovell with my daughter in the summer of 1902, Eckly with his family and mother were making a long visit in Florida and Timothy, his brother occupied the big house. He and his good wife (nee Serena Stearns) always seemed to lead an ideal home life. He was well to do and he told me that he had promised to buy his wife a home and soon after he bought a home in Norway and had settled down planning for many years of a happy married life, but the call of duty when both were in a day or so of each other and both were laid away in the old home cemetery at Center Lovell.

He was a veteran of the Civil War and was captured and held a prisoner for several months and while in the rebels' hands was nearly starved to death. At the time he weighed about 150 pounds, and when he returned home he weighed only about 90 pounds. On each of my last three visits to Maine I found Eckly Stearns and wife (nee Annie Russell) with their three bright sensible children living a contented, happy life in the same old stately mansion home.

On my last summer visit I missed the familiar form and presence of good old aunt Eliza Stearns, mother of Eckly, who about a year before at nearly 90 years of age had passed away. She was a good old mother in Israel and when the war cloud hung heavy over the land she sent four of her stalwart sons to battle for their country's flag. Of their three children, Alice is a fine musician and school teacher, Truman is a student, he owns an auto and in the summer time as a pastime, he does quite a business taking the summer visitors back and forth to the station at Fryeburg. Marshall is a pullman conductor. He owns a motor boat and one of the most enjoyable days while visiting there was a motor ride which he gave me down the lake past Pleasant Point, through the Narrows, and down to North-west Cove and return, and up to the head of the pond to bring back a picnic party which he had taken up to Rattlesnake Island in the morning.

Moving on up the road I next came to the store which although twice burned down has each time been rebuilt on the same plan. My earliest recollection of this store is when I was a boy and I remember that I was with my father, then by Isaac Hamblin and at the time that I left Lovell in 1867 by Henry Small and Freeman. Here I met and renewed acquaintance with the genial post-master, L. I. Stearns, son of my old friend, Lieut. Josiah Stearns, and also made the acquaintance of the merchant, Seth Heald, grandson of another old time friend and cousin, Enos Heald. For a few minutes the cemetery located near by on the common where for more than a hundred years the young, the middle aged and the aged have paid one by one the last great debt due to nature and have been

laid away beneath the cold yet friendly sod in the grave, which ended all their woes, and which is the only passport to our home beyond the stars. The cemetery has been enlarged and greatly improved and is well cared for. There are many of the old slate head-stones and the inscriptions upon them are as plain as when first put there. I took a kodak picture of my grandfather's head-stone and the inscription upon the postcard is very plain. It reads "Sacred to the memory of Capt. Abraham Andrews who died July 13, 1823, at 75."

We now come to the old church and townhouse built long before my recollection. The high, old-fashioned pews, each with a high door which swung in and out on the inside of the singers gallery, the high circular pulpit with circular stairs on each side and the circular chancel below the pulpit with seats running around on the inside for the deacons to sit in during divine service, or where the dignified town officers sat or stood during the semi-annual town meetings sessions. I can see in memory as plainly as though it were but yesterday. The first funeral I attended in Lovell (a Farrington girl I remember right) was there and I also heard Fred Douglass speak there while going through on the under-ground railroad from a slave pen in the sunny south to freedom in cold but hospitable Canada.

Behind the high old pulpit in years gone by stood pastors, Little, Gerry, Hills, Wentworth and perhaps others have told the old story of the cross and of a Savior's dying love. I can remember Rev. Mr. Wentworth and I think that he preached a few times in the new church at the Center in the fall of 1852. I remember of hearing the story told when a boy of how Rev. Mr. Wentworth's father once shot an Indian behind a tree for protection. They kept dodging from one side of the tree to the other, each fearing to fire, knowing that if he missed he would be signing his own death warrant. At length Wentworth fired and laid the poor Indian low and lived to tell the story of how he slew his dusky, desperate Indian foe.

West Oxford fair. The West Oxford fair has been fortunate in securing for a free attraction at their fair Oct. 1st, 2nd and 3rd, J. W. Gorman's high diving horses, King and Queen.

This wonderful attraction will appear twice a day in front of the grand stand. They come direct from Toronto, Canada, where they have just completed a contract of 13 weeks, having played at the same place last season, five weeks, a phenomenal engagement for the attraction. 13 weeks in one place. Nothing like the horses has ever been seen. King and Queen are two superb pure white animals, not merely intelligent beasts that have been taught to do tricks, but they are brave spirited animals that dare to do of their own volition a feat that many human beings would not dare to do.

Both animals dive without fear, and each in turn mount the incline alone and make their dive with all the intelligence of human beings. No whip has ever been used on these animals. Nothing but kindness has ever been shown them, and all who witness this wonderful performance will enjoy a rare treat that will never be forgotten. WATCH YOUR HAIR, LADIES

Eternal Vigilance is the Price of Luxuriant and Radiant Hair.
If dandruff germs are devouring the nourishment that belongs to the hair, it will soon begin to fall. Furthermore it will lose its life and lustre and will become dull, faded and even gray.
If you have any signs of dandruff, go right to your druggist to-day and get a 50 cent bottle of PARISIAN Sage. This delightful hair tonic is guaranteed by Noyes Drug Store to kill dandruff germs, clean the head of filthy dandruff, stop falling hair and itching scalp, and preserve the color and beauty, or money back. And it does just what it is guaranteed to do and that's why its sales are so enormous the country over. PARISIAN Sage is the favorite of refined women. One bottle proves its superiority. 39-40

Uniform Marriage Laws.

So far as can be judged from press reports, the declaration of the American Bar Association in favor of uniform marriage laws in all the states seems along sound lines. The committee report on this subject, adopted by the association, presents a model statute by which common-law marriages would be abolished. That alone would mean a decided change for good since the common law marriage promotes immorality, fraud, litigation and illegitimacy. Only thirteen states now refuse to recognize the common law marriage.

By the requirements of the proposed statute applications for marriage licenses would be made public for five days before the marriage could be performed. This doubtless would prevent many marriages under false representations.

The provisions for protecting men and women who in good faith enter into supposed marriage and later find that some form has not been complied with and for validating marriages contracted under the belief that a husband or wife is dead or that a valid divorce has been obtained after the impediment that would ordinarily prevent the marriage has been removed are on the side of justice.

It is the belief of many who have studied our social development that power should have been given to Congress to regulate marriage and divorce. The jumble of state legislation on these subjects astounds Europeans and provokes satirical criticism. Uniform laws are difficult to obtain, but under the Constitution as it now exists they offer the only hope of improvements.

When acting as an escort it is not necessary for a gentleman to offer his arm unless the way is dark and presents unusual difficulties. The old fashion of "arming" it is now seldom seen, unless the lady be elderly or an invalid.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney, liver or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Mad at Paint.

25c a gallon for paint is about \$2.50 on the average job, and lots of men waited last year for that; but they didn't reckon; they got mad; wouldn't pay it. There are times to get mad and refuse to pay; but when ones property needs protecting is no time to get mad and not paint.

Besides, it costs more to get mad and wait than to paint. Getting mad doesn't do any good to your property; paint does it good by keeping-out water; no water, no rot; no paint, some water and rot; and a little rot is more than enough to make a man liberal towards his painter and paint.

Paint costs not a cent. All the paint in the world, so long as it keeps-out water, costs not a cent.

A Letter About Ladies' Garments

My Dear Sister:

You may have wondered more or less why you have not heard from me before this late date. But you know how it is Mollie. There is always so much to do, and just at this season of the year, when the Summer is changing into fall, the matter of new clothes is of such great importance.

Much of the reason for my delay in writing to you has been due to my quest for clothes for the fall season. You know, there are many things to be considered, the latest fashions, the best fabrics, and, above all, the workmanship of the tailors. But I succeeded at last in finding just exactly what I wanted, and I wish you could see my New Fall Garments.

They are perfection in every sense of the word, and I can not tell you how much I appreciate my good fortune in finding my way to the One Price Cash Store of Z. L. Merchant & Co., Main St., Norway, Maine.

I cannot tell you how much pleased I am, especially with my New Tailored Suit, the fit is simply perfect. You must see it in order to fully appreciate its worth, and the beauty of the whole transaction is the saving in price from what I have usually paid for such good merchandise.

You really ought to go and look over the latest fashions and see the New Fall Goods. You simply can't help being delighted, and when you learn the low prices for such good Garments, you will surely find it economical to buy at Z. L. Merchant & Co's.

We are all quite well, with the exception of John, who sprained his ankle last week, and as he is usually so active, it makes him cross as a bear to have to be idle. The doctor says he is getting along all right, will be back to work next week.

Now Mollie, don't keep me waiting so long for a letter as I have you, and say, don't fail to call and see Z. L. Merchant & Co. for your New Fall and Winter Garments.

With lots of love to all. I am as ever,

Your loving sister,
MARY.

Judge Savage will preside. There are a number of important civil cases to be tried, and several criminal cases.

Fumigating Chicken Houses.

Fumigation will purify a room and kill germ life in cracks and crannies provided it is thorough. Unless the house can be tightly closed, however, there is no use of burning sulphur candles or any other substance. Before fumigating, close every crack in the windows and about the room. If necessary, push strips of muslin in the cracks and paste over with building paper.

Have everything ready before lighting the candles, slip out quickly, close the door and leave it closed for several hours. Before time for the chickens to go in, open the door and windows and air thoroughly. If sulphur candles are not to be used, soak a number of rags in melted sulphur and burn in an iron vessel, or mix sulphur with kerosene and burn in the iron kettle. Sulphur may be burned on live coals, but we prefer the candles if possible. Be careful to make everything safe before leaving the house or the building may be set on fire. In opening the house after fumigation, leave the door open for some time before going in to open the windows.

One sulphur candle will serve for an ordinary poultry house having about 150 square feet of floor space. Treat the fowls for lice before they are returned to the house.
